

An at-a-glance guide to

Technology Management

Founded in 1992, Technology Management helps manufacturers and distributors across the UK *'drive forward'* through the delivery of Microsoft Dynamics® NAV, CRM & Office 365.

Technology Management is a **2015 President's Club for Microsoft Dynamics** member - a group that represents the top 5% of Microsoft Dynamics Partners worldwide, and a **Microsoft Gold Certified Partner for ERP and CRM**.

2015
PRESIDENT'S CLUB
for Microsoft Dynamics

Celebrating our 23rd year and **over 1,000 successful projects**, we have a wealth of experience implementing Microsoft Dynamics solutions and the technical infrastructure to support them.

We are also one of a handful of partners across the globe involved in Microsoft's **Technology Adoption Programme (TAP)**; real-world testing of the Dynamics products – including the last 4 releases of Dynamics NAV.

Based in the Midlands we support clients across the UK.

Proud of our people

Many of our people have worked in manufacturing and distribution businesses before they joined us. They understand intimately the challenges you face.

We believe our clients want the facts, not the froth. That's why 80% of our workforce are articulate, business-focused IT professionals. By integrating industry-wide experience with the fresh thinking of graduates, we fulfil Technology Management's ambition to be the best by employing the best.

IT Professionals

make up **80%***

of our workforce

End-to-end solutions

Our portfolio brings together all the parts your business needs to run a successful IT system on-premise or in the cloud.

Microsoft Dynamics™

Technology Management is a **Microsoft Gold Certified Partner for CRM and ERP** representing the top 1% of partners...

worldwide.

Did you know...

Technology Management provides Microsoft Dynamics® NAV and CRM; software solutions that **work with and like the systems your people already use** - Microsoft Outlook® & Office 365®.

We support over **5,000 Dynamics NAV & CRM** users each and every day.

Microsoft spends more money on **Research & Development** than any other competitive technology company.

 We now support **over 400 hosted Microsoft Dynamics NAV & CRM users** from our UK data centres.

More than **8 million people** use Microsoft Dynamics solutions in over **360,000 companies** across **80 countries**.

Dynamics *Ignite*
Business made easy

NAV Ignite is a pre-configured version of Microsoft Dynamics NAV 2015 - the proven Microsoft business solution - that is quick and easy to implement.

Harnessing the full capability of Microsoft Dynamics NAV, NAV Ignite comes in four pre-configured packages specifically designed to meet the needs of small and medium-sized businesses.

- If your business needs help creating sales invoices and turning them into cash, through to entering purchases and reconciling your bank account, **NAV Ignite Financials** can help with it all.
- If your business has valuable fixed assets to account for and wants to better manage cash flow, then **NAV Ignite Financials Plus** has got you covered.
- For small and medium-sized businesses that have stock to manage, assemble and keep track of then **NAV Ignite Trade** or **NAV Ignite Trade Plus** are for you.

Our dedicated UK based Customer Support Team at Technology Management will ensure all your Dynamics NAV software support issues are dealt with promptly and efficiently from a central point of contact.

With a host of additional features including access to training resources and free monthly knowledge seminars, Technology Management enables you to make the most of your investment in Dynamics NAV.

NAV Ignite is available for deployment either online in the cloud or on-premise.
